Roxanne,

Can DOH take the lead in finalizing the comments on the May 10-12 meeting summary comments. I am trying to finish reviewing and commenting on the Section 6&7 Scope of work. I have attached the comments we received from BWS and USGS.

I did make some additions to the May 10 meeting summary, mainly based on comments from Bob Whittier. The additions and corrections are in yellow highlighted text. The comments from USGS would only apply to the Day 1 (May 10) summary. The BWS comments address all three days.

Subject: Navy meeting summaries

We still have some outstanding meeting summaries from the Navy.

The attached files are those that still need some review, though Bob Whittier did provide comments on the April 28 teleconference summary and the SME meeting day 1 summary. What would be helpful to me is if either Roxanne or Steve could let me know if comments on a particular document are final from DOH or if we are waiting to hear from additional people.
